

TIMES OF LIMI

LIMI's Newsletter | Jul to Sep 2024 - Edition | Page 1 | www.lilmiracles.in

Dear LIMI Family,

At Li'l Miracles International Preschool, we've seen firsthand the profound impact that strong collaboration between parents and teachers can have on a child's development. At the heart of this partnership are Parent-Teacher Meetings (PTMs), an essential tool in creating a nurturing environment where children can truly thrive.

Parent-Teacher Meetings provide an invaluable opportunity for open, honest, and constructive communication. For teachers, they offer insight into the child's home environment, unique needs, and interests. This understanding helps educators tailor their approach, making learning more relevant and engaging for each child. On the other hand, parents gain a clearer picture of their child's academic, social, and emotional

PTM - Q2

progress in the classroom. These interactions help address any concerns or challenges early on, ensuring that we provide the right support at the right time.

Moreover, PTMs foster trust between parents and teachers. When parents and teachers are on the same page, children feel supported, both at home and at school, which contributes to their overall well-being and self-confidence. This sense of security encourages children to be curious, explore, and grow without fear of failure.

At Li'l Miracles, we believe that PTMs go beyond merely discussing academics. They are a platform to celebrate each child's milestones, from their first steps into the classroom to the friendships they build. They are an opportunity for us to work together to instill the core values that shape confident, empathetic, and resilient individuals.

We look forward to continuing our collaboration with you to make your child's preschool journey a joyful and enriching experience.

Glimpses from July-September

National Doctor's Day

This doctor's day, we invited Dr. Mamta Meena to our school to educate our children by sharing her stories and by answering the questions of our li'l limis. It was a wonderway way for the children to understand the role of a doctor in our society.

Field trip to Gaushala

Our li'l preschoolers went to field trip to gaushala, to learn about farm animals. It was an exciting field trip where they learned about cows and their importance in nature. They also planted 10 trees over there and learned how important trees are to maintain a good eco-system.

Good and Bad Touch Activity

We taught our li'l limis good and bad touch, with this children learnt body autonomy. They learnt to respect their own bodies and boundaries. It taught our preschoolers safety, as in how to protect themselves from potential harm. Kids developed confidence in expressing their feelings and needs. We made our children empowered to say 'no' or 'stop' when needed.

Janmashtami Celebration

We had li'l kanhaiyas and radha rani adding charm to the day at Li'l Miracles International Preschool this year. The highlight of the event was the 'Dahi Handi' celebration, where kids enthusiastically tried to break the pot filled with treats symbolizing lord krishna's love for butter. The celebration was a combination of fun and cultural learning.

Stranger Danger Activity

In this exercise, a pretend stranger came to the school offering chocolates and attempting to take a child away. Through this enactment, we emphasized the importance of not going with the strangers, even if they claim that a parent is calling. This hands-on lesson is crucial in helping our young learners understand how to stay safe and trust their instincts in unfamiliar situations. That is the reason no child is dispersed from the school premises without the "bearer card."

Airport Day Activity

Our Airport Day activity conducted basis our month's theme 'transportation' was a fun-filled adventure where children experienced the excitement of air travel. The preschool was transformed into a mini airport, complete with check-in counters, boarding passes, and security checks, learning about airport procedures and travel etiquette. It was a fantastic way to spark their curiosity about the world while teaching important social and communication skills through imaginative play.

Grandparent's Day Celebration

Our Grandparent's Day celebration 2024 was like never before. The theme of the event was 'Tarak Mehta ka Ooltah Chashma'. The event had planned activities, games, funny photobooth, music and dances. The event concluded with a small refreshment, where the elders shared their wisdom and experiences. It was a beautiful day that honoured the special role, grandparents play in the lives of children, creating cherished memories for all.

Traffic-Signal Activity

Our Traffic Signal activity was a delightful way to introduce road safety rules to our little ones. The children learned about the meaning of traffic lights while engaging in a playful stimulation. They took turns acting as vehicles and pedestrians, understanding the importance of following signals and road safety rules. This hands-on approach not only made learning fun but also instilled valuable safety lessons in their young minds. The excitement on their faces while 'driving' through our preschool streets was truly priceless!

International Day of Peace.

At Li'l Miracles International Preschool, we celebrated World Peace Day by fostering a sense of unity and kindness among our little ones. The children participated in a special activity where they made peace doves and shared messages of love and friendship. Through stories and discussions, we encouraged them to understand the importance of peace, both in their lives and in the world. It was a heartwarming day dedicated to teaching the values of empathy, cooperation, and harmony.

Teacher's Day Celebration

At Li'l Miracles International Preschool, we celebrated Teacher's Day with immense joy and gratitude. The children, expressed their appreciation for the dedication and hard work of our teachers through handmade cards, heartfelt performances. Our Sr. Kg. kids did a teacher role play, fostering empathy and gratitude towards their teachers. The warmth and appreciation shared between students and teachers truly made this celebration unforgettable!

Homeopathy can go a long way

Dr. Neha Khadelwal
- A qualified Homeopathic Practitioner (B.H.M.S.) - Yoga Instructor, Pranic Healer and Dietician.

In homoeopathy, the root cause of problem is addressed by the way of medicines which are in fact energy preparation of crude medicine which helps the body to fight on it's own. This power of medicines to increase the self immunity power is what is desirable in today's world.

You must have heard of the articles and lectures about the resistance to antibiotics. The basic cause of which is the incessant use of them, so body is dependent on the use of antibiotics to fight infections while the own self is not providing any immunity. In fact the over use of antacids, antibiotics and painkillers have led to the destruction of normal gut flora which causes the long-standing problem digestion, gastric issues etc.

BENEFITS FOR KIDS

Kids are the purest form of mankind, who are very sensitive and delicate enough. However, we are unnecessarily forcing them to harmful chemicals, antibiotics. By overuse of allopathic medicines and self-medication, and rampant use of junk food we are decreasing the immunity in young ones.

Homeopathy can go a long way in treating them, improving their immunity and vitality for the day-to-day infections and keeping them safe for their upcoming journey.

- Safe and natural for children of all ages including infant.
- Boosts immunity - This makes less sceptical to common childhood illnesses like cold, cough and flu.
- Supports emotional well-being like anxiety fears, behavioural problems which are increasingly common in children.
- Easy to administer- Gentle, sweet pills are easily taken by the children.
- Prevent recurrent infection without suppressing the present symptoms and promotes natural healing.

PREVENTION OF VIRAL FEVER (esp. Dengue)

• Homoeopathic medicines can help in fastest recovery of the patient from viral fever. They help to prevent loss of appetite and general debility.

FOLLOWING THESE PRECAUTIONS ARE HELPFUL :-

- Avoid close contact with infected individual.
- Use a face mask to prevent transmission.
- Maintain good hygiene. • Do not touch your eyes, nose and mouth.
- Avoid sharing food, drinks, street food also.
- Get plenty of rest.
- Proper good diet and stay hydrated by drinking plenty of fluids.
- Fluids - coconut water, probiotic light (yoghurt chaach etc.), turmeric milk for regaining the strength.
- Papaya leaf juice has increased level of platelet count and boosts immunity.
- Fruits - Oranges, Guava, Papaya.
- Vegetables. - Pumpkin, Carrot and Spinach.

Parents Swish

Richa Mathur

Parent of Parthvi (Sr. Kg.) & Himadri (PG)

“ My experience at Li'l Miracles International Preschool has been nothing short of amazing. The teachers are incredibly dedicated and nurturing. They genuinely care about each child's development and well-being. Our daughter has blossomed under their guidance, developing not only academically but also socially and emotionally. The curriculum is well-balanced, offering a mix of structured learning and creative play that keeps her engaged and excited to go to school every day. I highly recommend this preschool to any parents looking for a loving, high-quality educational environment for their child.

Thank you **Li'l Miracles International Preschool**, for providing such a wonderful environment for our daughter to grow and learn, and a special thanks to Ritu Ma'am for her exceptional contribution!

”

Saumya Tiwari

Parent of Yuvaan Tiwari (Nursery)

“

Dear Mam.. I take immense pride that my son is getting his foundational education from **Li'l Miracles International Preschool** I am so overwhelmed to see..the way you welcomed our parents and touched feet of the grandparents ...it speaks volumes about you and the values our children are getting...

”

“ Mam, both my children are in **Li'l Miracles**, first is my son Kabir in nursery class, he has learnt a lot, seeing his development we gave my second child. My daughter also gets to continue this. The activities in the school are so good. The child's mind gets a lot of directions, due to which I get peace of mind when the parents also get to know what should our child do. Thanks lot teachers who work together as a team ❤️👍

”

Deepika Singh

Parent of Kabir (Nur) & Meera (PG)

“ **Li'l Miracles**, what can I say? It's been an amazing journey with you so far. "LiMi Preschool" is exactly the platform I always wanted for my child. They truly live up to the idea of learning through play (खेल खेल में चलो सीखे हम) with their hard work and dedication. The staff, helpers, and teachers are incredible, giving their full effort to each child, and it clearly shows. Whether it's hygiene, amenities, atmosphere, field learning, classrooms, or their themes, they excel in every area. Choosing **Li'l Miracles** for my daughter, Chaitanya, was the best decision I ever made. I feel completely at ease knowing my child is in safe hands. She loves going to school every day, and as a mom, that's all I could ask for. Thank you for working on her food habits (the most difficult challenge!). Seeing her come home with an empty lunchbox fills me with joy and satisfaction. Thank you for improving her communication skills—I couldn't be more grateful! A big thanks to the teachers for working with me, and we love you, **Ritu Ma'am**, for making me feel so comfortable. Wishing "**LiMi**" all the luck and love for the future!

”

Parent of Chaitanya (Nursery)

Enriching Learning through Themed Field Trips

Dear Parents,

At Li'l Miracles International Preschool, we believe that education extends beyond the four walls of a classroom. One of the key ways we make learning more dynamic and meaningful is by taking our preschoolers on field trips that align with the monthly themes of our curriculum.

These outdoor excursions are more than just fun outings; they are an integral part of the learning process. Each field trip is carefully planned to complement what the children are learning in class. These trips help children experience what they've learned in real life, fostering a deeper connection to the subject.

Field trips are also crucial for sensory learning. By seeing, touching, and exploring new environments, children's senses are engaged in a way that

enhances their cognitive development. These hands-on experiences make abstract concepts more concrete and memorable, making learning both fun and impactful.

Moreover, outdoor trips play a significant role in developing important life skills. They encourage curiosity, problem-solving, and observation while promoting social interactions among children. Whether it's sharing discoveries with a friend or asking questions about something new, these interactions build communication and teamwork skills that are essential as they grow.

Another benefit is the confidence and independence these trips foster. Stepping outside the familiar classroom environment, navigating new spaces, and interacting with people outside their regular circle help children build resilience and adaptability, preparing them for the larger world.

At Li'l Miracles, we take every precaution to ensure these trips are safe and well-supervised, so your child can explore, learn, and grow with confidence. We look forward to more enriching adventures together!
